

//IFFAH FARZANA BINTI SUHAIMI (205975)

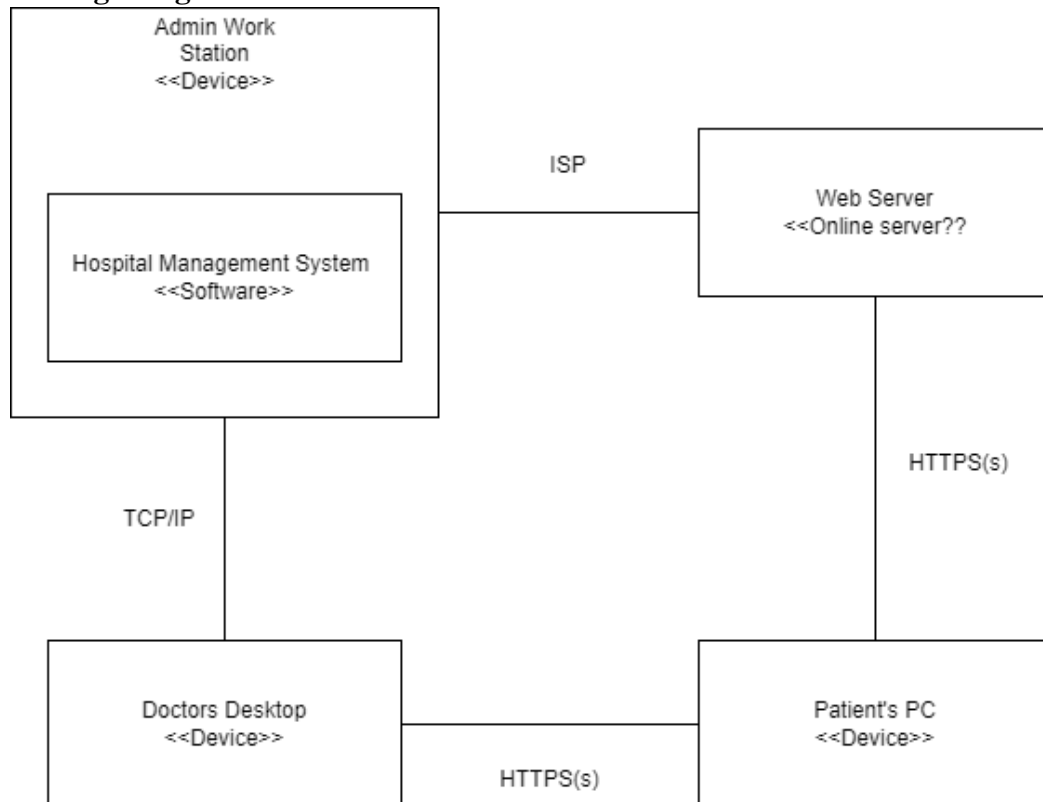

1. Select one of the following system to draw package, component, and deployment diagrams:

- a. Hospital system
- b. Bank system
- c. Online shopping system,

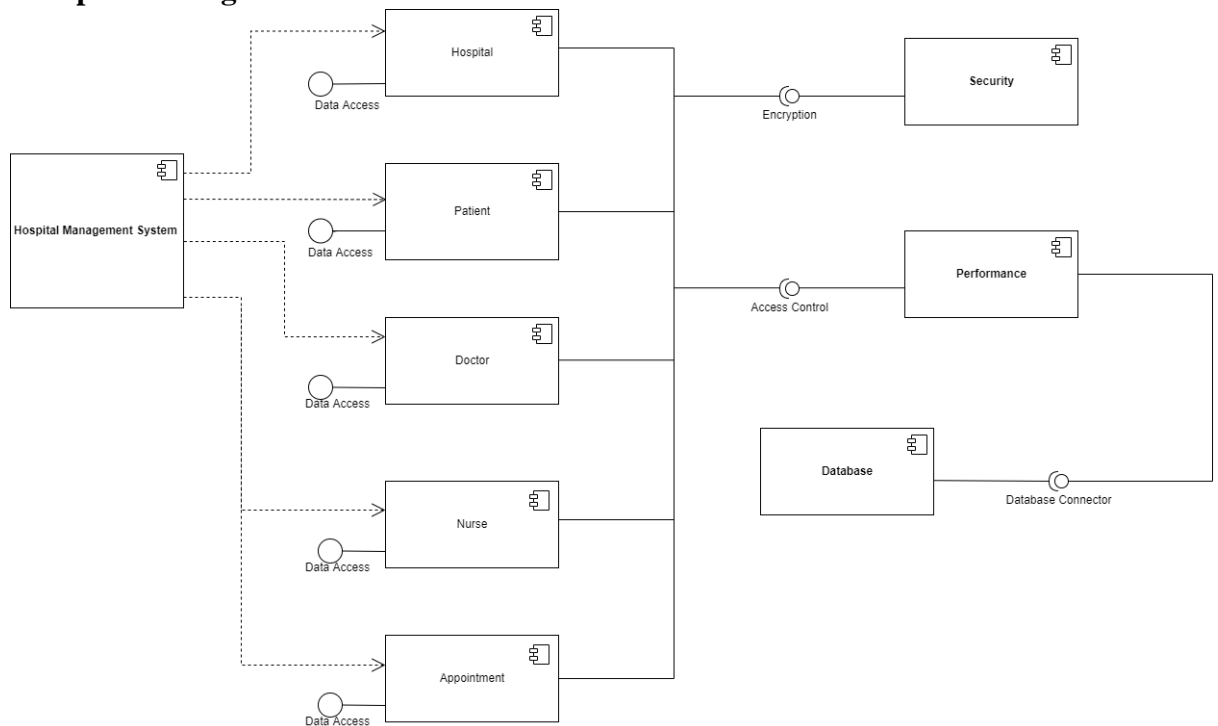

Clarify what are architecture decisions reflected by your diagrams

a. Hospital System

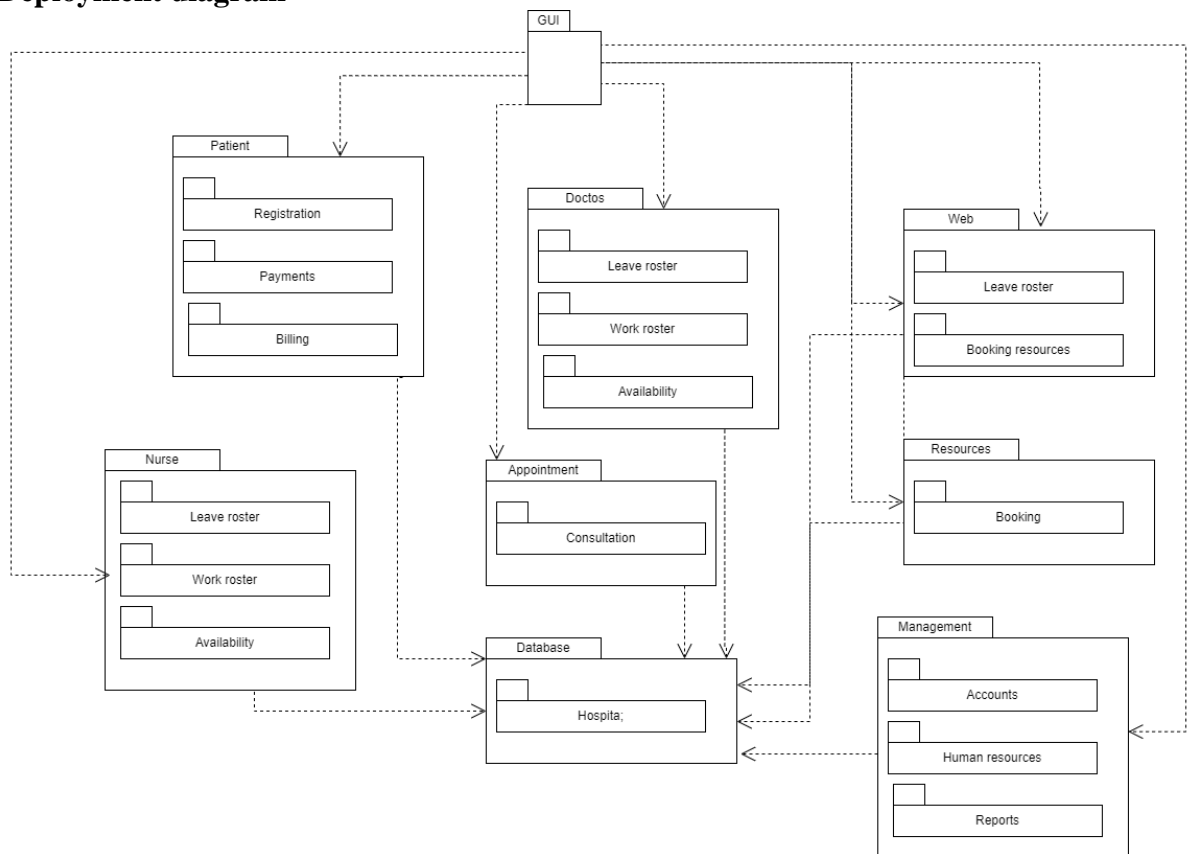

Package diagram

Component diagram

Deployment diagram

The style applied is N-Tier Client Server style. It has a presentation, business and data management layer which are partitioned in different tiers. The communication between tiers is synchronous request-reply so each tier waits for a response from the other tier before proceeding.
